- Creativity skills

👤 PROFILE

Highly skilled Full Stack Developer with 2 years of experience in designing, implementing, and managing scalable web applications. Proficient in both front-end and back-end technologies, with a strong focus on delivering robust, user-centric solutions. Adept at collaborating with cross-functional teams to analyze requirements, identify opportunities, and drive project success. Passionate about staying current with emerging technologies and continuously enhancing skills to deliver cutting-edge solutions.

📁 PROJECTS

Project 1

2022

- [How To HTML](#) 🔗

Project 2

2023

- [Brew House Coffee shop](#) 🔗

Project 3

2024

- **Slidin' - Your Social Hub** (Work In Progress)

🧩 EXPERIENCE HIGHLIGHTS

- Experienced in creating well-structured and visually appealing websites using HTML and CSS, ensuring cross-browser compatibility, responsiveness, and user-friendly design.
- Proficient in developing interactive and dynamic web applications using JavaScript, enhancing user experience with client-side functionality and interactivity.
- Acquired proficiency in database management with MySQL, including designing schemas, querying data, optimizing database performance, and ensuring data integrity in web applications
- Skilled in building robust server-side applications using Node.js, implementing RESTful APIs, handling database operations, and ensuring efficient data processing and server-side logic.
- Achieved proficiency in full-stack development, encompassing front-end technologies like HTML, CSS, and JavaScript, along with back-end technologies such as Node.js and MySQL, enabling end-to-end development of scalable and interactive web applications.
